Registration and Tuition:

An annual **\$40.00 registration fee** (nonrefundable) is due at the time of registration. Tuition is due the FIRST class of each month.

Enrollment:

This is our **Summer Class Schedule**, if you were in our fall class program, you will need to **register for the summer program (the registration fee is good for 1 year)**. Our summer classes are limited in number and are held at different times and days. In order to reserve your spot, **we need to know that you will be coming** during the summer so that we can hold a spot for you in class.

Classes start July 5th.

Parent Observation:

Parent Observation is through SPOT TV. Gleason's gymnastics has installed several cameras in the gym and pays SPOT TV each month to allow the parents to watch their children's gymnastics class from the comfort of their cell phone. Spot TV is an app on your phone that is downloaded and you provide the appropriate information concerning your child and which class that they are attending. Once this has been done, the gym can approve your request and SPOT TV allows you to watch your child during the 'live' feed of their class.
